IN CHARGE OF PRODUCTION

### Acknowledgements

This is the fourth edition of the GREEN BOOK to be released through this Department, and again, the assistance obtained from the Cooperative Extension Service has been invaluable. Through the efforts of the Poultry and Fruit and Vegetable Specialists, we feel almost all producers in the Commonwealth have had the opportunity to be listed in this Directory.

The role of direct wholesale marketing has been playing an evermore important role in the marketing of fresh Massachusetts products. The growers and producers listed here should be recognized for their support in the objectives of this Directory as a marketing tool within the industry.

Commendation and merit are extended to the clerical staff - Margaret Havey and Susan Cashman, and also to our Department Statistician, Charles Costa, for his work in processing grower's survey returns. Finally, my appreciation for the helpful advice of my colleagues in the Bureau of Markets, Guy L. Paris, Chief and Janet Christensen our Public Information Officer.

A handwritten signature in black ink, reading "Craig M. Richov". The signature is written in a cursive, flowing style with a large initial 'C'.
